Frasier is known as a Type B/Modified Life Plan Community which means residents pay an entrance fee in exchange for a portion of future health care throughout the continuum at any level. Additionally, if you outlive your financial resources while at Frasier, you will be able to remain at Frasier.

Entrance Fee Options:

There are two financial options from which to choose:

- A non-refundable entrance fee choice which provides Frasier membership.
- A refundable entrance fee option which allows for a 50% refund and is designed for those who wish to assure a fixed refund for their heirs or estate. This fee is 45% more than the non-refundable entrance fee.

Medical Benefits:

- Both entrance fee options provide 60 days per resident over their lifetime, in The Summit Care Center at no additional cost.
- Reduced monthly fees for the next levels of care.
- Discounted rates for recuperative and long-term nursing care.
- Frasier Care: complimentary, 24/7 emergency support from our staff.

Medical Tax Deduction:

In Accordance with the Internal Revenue Code of 1954, Section 213 and Revenue Rulings, members of Frasier may be entitled to deduct as a medical expense a portion of the monthly service fees and entrance fees which represent medical care in the year paid. A copy of Frasier’s annual tax deduction letter to residents is available upon request.
