

# THE MEADOWS DAY PROGRAM

## At Frasier, we believe in connection, engagement, and relationships.

The Meadows Day Program at Frasier provides opportunities for seniors with memory challenges by offering engaging and stimulating activities throughout the day. This program encourages a sense of purpose, creativity, and personal growth, as well as physical, emotional, and spiritual wellness in a social and engaging atmosphere. The program maintains a high level of care to meet the needs of the individual person by promoting independence to empower participants to remain in their own home, or the home of a family member and/or caregiver.
